- 1. In accordance with 40 CFR 763, et. al, this inventory only includes materials identified during a VISIBLE inspection. Therefore, materials behind walls, ceilings, or areas not accessible at the time of the inspection were not identified. It is recommend that the proponent of any action that involves the demolition of a portion or all of a wall or ceiling that is thought to have asbestos building materials behind it or if the action will disturb any of the above listed building materials please call (609) 530 7133, (609) 530 7134, (609) 530 7135, or (609) 530 7136 during the initial planning of the action.***
- 2. In accordance with 40 CFR 763, similar materials may be grouped together and considered homogeneous materials for sampling purposes. Similar materials are identified with the same Homogenous Material ID (i.e. HM 1 all pipe insulation in a particular building). The process of grouping similar materials and/or building areas is left up to the assessor. Therefore, the Homogeneous Material IDs may be blank.***
- 3. Due to funding limitations, this report may not include all facilities in the NJARNG inventory. If your facility is not listed above, please contact (609) 530 7133, (609) 530 7134, (609) 530 7135, or (609) 530 7136 for additional information.***
